# Fresh expressed coffee

Our 'Elevator' coffee beans are triple certified & supplied by local supplier Matthew Algie  
We use whole milk for a lush velvety coffee... cause we think it's the bestest, tastiest finish  
We do have semi skimmed milk for those who don't like too much 'coo' & are health conscious too  
We've also got bigger mugs for those who like more caffeine... or like to hang on to their porcelain!

**latte**

**cappuccino**

**espresso**

**flat white**

**black coffee**

**macchiato**

...add an extra shot, decaf, soya milk, cream or bung it in a mug for **50 pennies more!**

## **Red Cappuccino**

South African Rooibush tea spiced with cinnamon bark, jasmine blossom & a gentle kiss of star anise. Espresso just like a regular cappuccino, drizzled with blossom honey on top instead of chocolate. A tasty caffeine free alternative to Chai!

*'10 times more antioxidants than green tea & double that of regular Rooibush tea'*

## **Real Belgian Hot Chocolate**

This comforting drink is blended with hot frothy milk & rich Belgian chocolate (44% cocoa) served up with squidgy marshmallows & more real chocolate flakes on top!

... make it a Mocha by adding a hit of espresso for **half a pound**

... add an indulgent whipped cream cap for another **50pee**

**\*Make a hot chocolate grown up by lacing it with a shot of your favourite tippie?\***

# Loose leaf black tea's

Our teas are supplied from Edinburgh's 'Anteaques' specialising in both traditional & contemporary twists on classics using the finest teas & infusions from across the globe

## **Melrose tea**

A brew in a bag from Melrose who's offices used to be around the corner at Couper Street

A blend of Assam & Kenyan leaves. Mr Melrose was the first importer of tea to Leith!

## **Scottish breakfast**

An full-bodied tea with hints of heather to relieve tension & strengthen the immune system

## **Earl Grey**

This popular blend of China & Assam quality black teas permeated with an intense bergamot flavour which comes from a small orange citrus fruit mainly grown in Italy

# Green teas & herbal infusions

## **Chun Mee**

A fresh green tea with a grassy flavour & gentle tart edge. Chun Mee is steamed rather than pan fried which halt's the oxidisation process & is the most popular tea in Hong Kong

## **Nana Mint**

A cut leaf mint infusion from Morocco with an alluring spearmint fragrance & flavour

The Moroccan mint leaves are picked & dried whole, sealing in the essential flavours

## **Pink Lady**

A naturally sweet blend of Turkish Apple & a hint of hibiscus for an added tang.

It helps lower high blood pressure & cholesterol levels

## **White Pomegranate**

This silky white tea is blended with pomegranate, lemongrass & dragon fruit with a hint of green sencha & Kukicha (twig tea). This makes for a truly luxurious infusion of super powered antioxidants with a tangy pomegranate flavour & subtle grassy & woody tones

## **Orange & Pistachio Rooibos**

The magic from the flavour of pistachios, almonds & pink pepper corns together with a hint of coriander to create a taste reminiscent of freshly baked orange biscuits... without the calories!

## **Cold Cure**

Not exactly a tea, but an absolute must to make you feel better with the change of the weather  
Fresh lemon juice & root ginger sweetened with Blossom honey & cloves...

Mother natures rescue remedy for all sorts! Add a naughty nip of booze to make it a 'Toddy!'
